Bruno Henriques

Curriculum vitae, updated March 2016

WORK EXPERIENCE

MARCH 2016 – PRESENT

Anita Borg Institute, Online

Google Summer of Code Mentor

Evaluate and guide students progress on projects promoted by Anita Borg Institute during GSoC.

MAY 2015 – SEPTEMBER 2015

Anita Borg Institute, Online

Google Summer of Code Student iOS Developer

Developed an iOS app for Peace Corps that allows volunteers to manage their pill intake. The app was ready to be released to the public. In the process, I moved portions of the code-base to several different self-contained open-source modules.

OCTOBER 2014 – NOVEMBER 2015

FenixEdu, Lisbon

Mobile Applications Developer

Developed and released the first official Técnico Lisboa application for iOS devices in Swift using Fenix Edu REST API and OAuth2.

OCTOBER 2014 – NOVEMBER 2015

Técnico Lisboa, Lisbon

MEIC Course Delegate

Act as a bridge between MEIC students and professors, in order to coordinate and solve problems related to the course and promote the teaching quality in Técnico Lisboa.

JULY 2014 – AUGUST 2014

GAIPS INESC-ID, Taguspark

Intern Researcher

Developed a robot integrated with Baxter capable of manipulating objects while showing human emotions using for that purpose computer vision algorithms and ROS.

FEBRUARY 2013 – OCTOBER 2013

INESC-ID, Lisbon

Research

Research and write RPM packages scripts for the developed computer vision related software.

SEPTEMBER 2012 – SEPTEMBER 2013

Student Support Unit (NAPE), Técnico Lisboa

Incoming Students Mentor

Responsible for new incoming students guidance and tutoring, in order to integrate them at the campus during their first days.
